ABOUT ME

Hi, I'm Justine from Delhi City, a graphic designer who loves turning ideas into clean, creative visuals. I enjoy working with color, layout, and typography to design brands, social media content, and print materials that stand out and connect. My goal is always to make design that feels good and works well.

BRANDING

ABC DESIGN.CO

I created this logo and complete branding package for ABC Design.co, including a business card, letterhead, and envelope cover. The branding reflects a modern and professional identity, with a clean logo and cohesive visual elements across all materials. This project highlights my skills in creating unified brand systems that communicate clarity and creativity.

SEA SHELL RESTAURANT MENU CARD

I designed this menu card for Seashell, a coastal-themed restaurant. The layout emphasizes clarity and easy navigation, with a calming color palette and ocean-inspired visuals that reflect the brand's seaside identity. The design balances aesthetics with functionality, enhancing the dining experience through thoughtful typography and layout.

PUBLICATION

BROCHURE

This brochure was designed by me for a Technical Institute focused on teaching technical skills such as Graphic designing, Hardware, Mechanical stuffs. The design goal was to clearly communicate the institute mission, course offerings, while maintaining a clean, modern aesthetic. I used a layout that balances text with visuals, incorporating icons, infographics, and real student images to enhance engagement. The color palette and typography were chosen to reflect innovation and accessibility.

ANNUAL DAY INVITATION CARD

I designed this invitation card for the Annual Day celebration of Don Bosco School in Ranchi. The design blends formal elegance with a youthful, vibrant theme to reflect the spirit of the event and the school's identity. The design is clean, colorful, and festive, created to appeal to both students and parents while clearly presenting the event details.

FOLDER

I designed a professional and visually cohesive folder for the Ministry of Health and Family Welfare. The design combines a calming color palette and clear typography to communicate trust and care, reflecting the ministry's commitment to public health. The folder effectively organizes important materials while maintaining a modern, accessible aesthetic.

TOURISM POSTER

I created this informative poster to guide and attract tourists by highlighting key destinations, activities, and travel tips. The design combines eye-catching visuals with clear, organized content to make information easy to understand at a glance. It reflects my ability to balance aesthetic appeal with practical communication in public-facing design.

PACKAGING

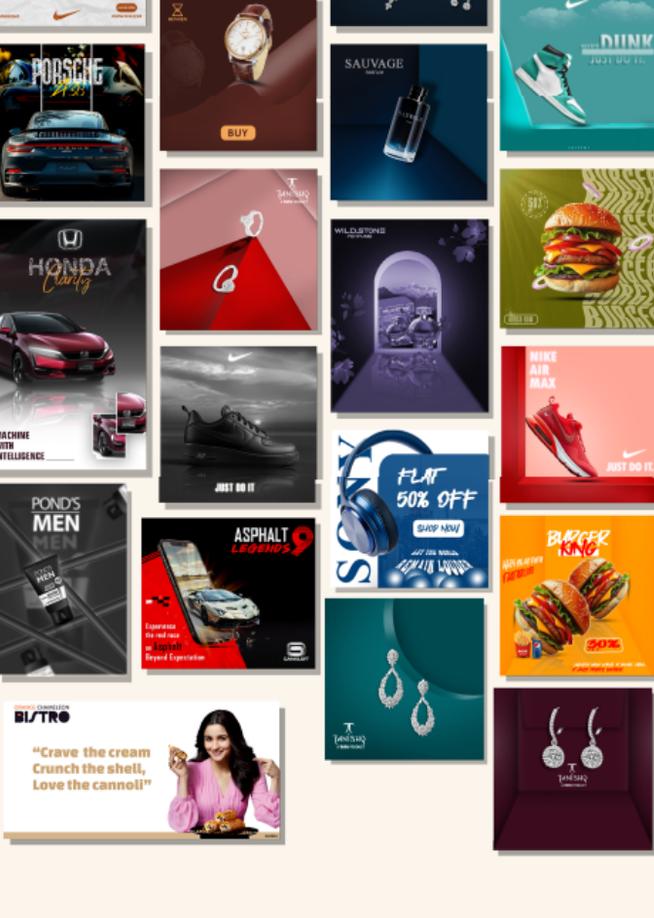

LAY'S PACKAGING DESIGN

I designed a custom packaging concept for Lay's as part of a creative project focused on enhancing product appeal and introducing a new visual identity for a unique flavor offering. This design was created to align with Lay's established brand image while looking a fresh and engaging offer tailored to modern consumer preferences.
